

Funding Opportunities for Nursing Training, Research, and Career Development

New! Annual Application Deadline: December 1

Master's Degree Scholarships in Cancer Nursing: Awarded to graduate students pursuing master's degrees in cancer nursing. Awards are made for up to two years in the annual amount of \$10,000.

Doctoral Degree Scholarships in Cancer Nursing: Awarded to graduate students pursuing doctoral study in the following cancer nursing fields: research, education, administration, or clinical practice. Awards are made for up to four years with a stipend of \$15,000 per year.

New! Annual Application Deadlines: October 15 and April 1

Postdoctoral Fellowships: Support the training of researchers who have received a doctorate enabling them to qualify for an independent career in cancer research (including basic, preclinical, clinical, cancer control, psychosocial, behavioral, epidemiology, health services and health policy outcomes research). Awards are for one to three years with progressive stipends of \$37,000, \$39,000, and \$42,000 per year, plus a \$2,000 per year institutional allowance. Depending on availability of special endowment funds, the Society annually selects one or more of the top-ranked fellows to receive special 3-year Fellowships with an award of \$144,000.

Mentored Research Scholar Grants in Applied and Clinical Research: Support the training of junior faculty within the first four years of their faculty appointment to conduct mentored clinical, epidemiologic, cancer control, psychosocial, behavioral, health services, or health policy outcomes research. Awards are for up to five years and for up to \$135,000 per year (direct costs), plus 8% allowable indirect costs. These grants are not renewable.

Research Scholar Grants in Psychosocial, Behavioral and Cancer Control Research: Support investigator-initiated research projects in psychosocial, behavioral, and cancer control research, including epidemiologic approaches to psychosocial and behavioral research. Awards are for up to five years and for up to \$400,000 per year (direct costs), plus 20% allowable indirect costs. These grants may be renewed once for up to an additional five years. *Eligibility Criteria: Independent investigators at any stage of their research careers may apply. However, senior investigators are strongly encouraged to include as co-investigator a faculty member at an early stage of his/her career.*

Research Scholar Grants in Health Services and Health Policy Research: Support investigator-initiated research projects in health services and health policy research. Awards are for up to four years and for up to \$200,000 per year (direct costs), plus 20% allowable indirect costs. These grants may be renewed once for a four-year period. *Eligibility Criteria: Independent investigators at any stage in their career may apply. However, senior investigators are strongly encouraged to include as co-investigator a faculty member at an early stage of his/her career.*

Research Scholar Grants in Basic, Preclinical*, Clinical and Epidemiology Research: Support investigator-initiated research projects in basic, preclinical, clinical and epidemiologic research. Awards are for up to four years and for up to \$200,000 per year (direct costs), plus 20% allowable indirect costs. Grants may be renewed once for a four-year period. *Eligibility Criteria: Independent investigators in the first eight years of an independent research career or faculty appointment are eligible to apply.*
